

Theme – Backyard

Description

There are so many things we can do in our backyard. We can have a small gathering there, parties, picnics and more. This is also where the kids play, have our own small garden or for some they have pools!

For June, we have interesting layouts where we feature our own backyard. Have a look at some of the layouts where they feature their own backyard.

Playing in the Backyard

Our kids' favorite place is our backyard, do you agree?

Do you have any photos of a fun family gathering around a

barbecue? You might want to add a delicious title with this complete alphabet (only uppercase but it includes a hyphen too)

Simply [click HERE](#) to get your alphabet.

Don't forget to share your layouts in the forum too! We'd love to see how you use these burgers.
