

## Scrapbooking Theme – Easter

### Description

Every year, on the first Sunday after the first full moon following the vernal equinox, we celebrate Easter. This holiday has Pagan and Christian origins, and has been celebrated since the 2nd century AD. For Christians, it is a time to remember and celebrate the resurrection of Jesus Christ. For Pagans, it is a time to celebrate the coming of Spring and the fertility of the earth. Whatever our religious beliefs, Easter is about more than just spending time with our loved ones, it's also about celebrating new beginnings.

There is no better way to do this than with a delicious Easter feast. Ham, lamb, and chocolate eggs are all traditional Easter foods. And of course, no Easter would be complete without an Easter Bunny cake! After the feast, it is time to have some fun. Egg hunts are a popular activity for kids of all ages. Painting eggs is another fun way to celebrate Easter.

Whatever activities you enjoy on Easter, make sure to take some time to relax and enjoy the company of your family and friends. And to keep these memories, why not make a lovely page for them? Below are several stunning and beautiful layout ideas celebrating Easter that will surely spark your interest to get started!

After our grocery store egg hunt we went out to breakfast. Because we did that last year. We stopped in at Perkins next door to the store, but it was packed! We instead went to IHOP and both Gabe and Claire got enormous pancakes!
